

Final 2021 Election Poll

Prepared by Counsel Public Affairs Inc.

COUNSEL

METHODOLOGY

3,298 Canadians were surveyed between September 16th and 18th 2021.

We used the Lucid Exchange Platform as the sample provider, which blends a variety of partner panels.

If the survey was a probability-based random sample of the same size, it would be considered accurate to +/- 1.7 nineteen times out of twenty.

Results are sub-regionally weighted for:

- Age and birth sex according to the 2016 Census.
- 2019 Federal Vote.

All slides represent Decided and Leaning voting intentions.
